

SUMMER HOLIDAYS

Dear Parents

Warm Greetings!

We solicit your support and guidance in making your kids feel special with a unique identity.

Please spare some time to do the following:

- Children enjoy their fruit break at school; allow them to continue this practice of a fruit a day.
- Watch entertaining educative TV channels like Discovery Kids, Animal Planet, National Geographic and motivational movies.
- Allow children to learn music/ dance /art and painting.
- Feed the poor and share things with needy. Teach kids to treat people with love and respect. Let them experience the Joy of Giving.

Let us work together to help children grow with Love, Humility, Compassion and Responsibility.

Stay Safe, Stay Happy!
